All wind instrument arrangements are fully compatible, and can be successfully performed as ensembles or solos by students who have completed the first book of any standard band method. A fully orchestrated accompaniment MP3 CD is provided, featuring each song as a live performance demo track followed by a play-along track. The CD also contains a PDF of the Piano Accompaniment and Alfreds Tempo Changer Software. Contains 60 songs, including: Cantina Band * Follow the Yellow Brick Road / Were Off to See the Wizard * Gollums Song * Hedwigs Theme * James Bond Theme * Obliviate * Pink Panther Theme * Raiders March * Superman Theme * Wonkas

Welcome Song * and many more. Due to level considerations regarding keys and instrument ranges, the wind instrument arrangements are not compatible with the string instrument arrangements in this series.

Summary: Good addition to my cello library with 60 songs (!) and reasonably good canned CD orchestral and cello accompaniments, definitely worth the price. I bought this book with CD since I recognized some titles, but discovered I like the songs I did not know better than the ones I do know. Most of these songs are from various Star Wars, Harry Potter, James Bond, and Wizard of Oz movies. Many of the movie soundtracks have a modern classical feel, but some can start to sound a bit similar. Some of the 15 songs I knew did not arrange well for cello, but almost all of the other 45 songs are very nice cello arrangements with slow to moderate tempos (and a few fast ones!) that allow practice on pitch, tone, vibrato, and 2nd-4th positions along with home position. And the number of songs provides a variety of arrangements and technical practice that is more enjoyable than just playing Krane or Schroeder exercises all the time, especially since the orchestra plays with you! Not overly difficult for most songs, but definitely level 2-3 player as the book indicates. Really appreciate Alfred Publishing including the orchestral accompaniment CDs for their books (I have several now) that includes both a cello and non-cello track, as well as the PDF accompaniment versions. I do wish they would use live cello instead of canned cello for the cello tracks. Hope they will continue to publish cello/CD books with more songs the average person knows including more hymn books, as well as some older songs (e.g., Autumn Leaves, Moon River, Laras Theme, etc.). Their Favorite Hymns book with CD is still my favorite!
